

Description

A boat that was not created to amaze, but to consolidate the tradition of a company that has become known all over the world for the quality of the materials used and the attention to detail.

The Gozzo 35 offers a wide range of engines, combining speed and safety as is the case on all Apreamare boats.

The hull has been completely redesigned by Umberto Tagliavini of Marine Design with the support of Cataldo Aprea, the company's tireless creative mind.

The boat falls into the category of boats and is a walk around with Mediterranean charm, created to be fully experienced in its incredible outdoor and indoor spaces.

The design by Marco Casali represents the true luxury of Gozzo 35.
