Description

2015 Lagoon 52 F

Amuri (Maori for "from this time on") has been owned & carefully maintained by the same New Zealand family since 2015. She was used for a single season before we purchased her and she has never been chartered. Every summer Amuri has sailed extensively in the Med and spends her winters on the hardstand. As you would expect, she is fully serviced every year including anti foul, anodes, sail drive seals, engine servicing, hull wax and polish etc. Needless to say she is turn key and ready to go for a new owner.

Loaded with every comfort amenity you could ever need: 17.3KvA generator, air conditioning in every cabin and salon/galley, large 400 l/h watermaker, multiple fridges/ freezers (x3), dishwasher, and washer/dryer. A large solar array provide alternative sources of energy generation on board. Bosch 240ah house batteries (x6) - replaced in May 2024.

The large 3.9 meter Highfield RIB and 40 HP outboard (Fully serviced new impeller, filters, oil etc May 2024) are hoisted on a Tender lift for easy launch and retrieval. There are 4 electric winches to hoist and furl the sail wardrobe: main and furling jib. Full suite of B&G electronics (upgraded in 2023) to keep it all on course.

This is the 3 cabin owners version with and extra bed in the saloon where the table converts into a large double bed. Everything aboard is designed to be run by 2 persons with ease: docking, sail manoeuvring, dinghy launching/hoisting. So whether you are a couple or family looking to cruise in the Med or take long
