Description

New generation AZIMUT S7 just arrived on the French Riviera!!

Buyout possible after 3 years, several private or corporate arrangements possible... Contact us for more information!

Discover the new version of the famous Azimut S7, the new sports eco yacht!.

Thanks to its 3x IPS1050, the Azimut S7 will only consume 250L/h at 25 knots, still a sports yacht but more efficient! The advantages of IPS are well established: silent navigation, no vibration, no smell or smoke, easy manoeuvrability and a fuel saving of 30%!

The layout of the Azimut S7 is ideal for your cruises, its completely flushed and well-appointed main deck will allow you to share every moment with all your guests. The saloon is illuminated by its large windows and the design of the wheelhouse is well highlighted by the Italian style.

Its sportfly is larger and very well appointed with a large dining area and a fully equipped kitchen.

Also ideal for long cruises, you will appreciate the comfort of the lower deck which accommodates 4 cabins and 3 bathrooms including a magnificent central cabin with a direct view of the sea.

Of course, you can't miss its large garage that can accommodate 1 dinghy + 1 jetski!

Our Azimut S7 is fully equipped and ready to go, don't hesitate to contact us to
