

SALE PRE OWNED

tecnomar Nadara 26 fly

Description

The Nadara 26 is spread over two decks plus a fly bridge, where the lower one is exclusively dedicated to the owner's and guests' sleeping areas. A large part of the lower deck is dedicated to the owner, who enjoys a full-beam suite with a double bed, two bathrooms, one with Jacuzzi, vanity and walk-in closet, and to his guests, who have two twin cabins with separate berths on the floor, and a VIP cabin, obviously all equipped with private toilets. The crew quarters are located at the extreme bow of the Nadara with separate access from the upper deck to ensure adequate privacy for the owner and his guests. Along the main deck we find the daytime areas of Nadara 26, very large and bright to meet any need. A large aft saloon organized with a generous table for having meals. Adjacent, in correspondence with the center of the boat, there is a second saloon with sofa, coffee table and two poufs facing the television retractable in the cabinet. Possibly transformable into a "cocktail bar" area. Continuing towards the bow, we find the large galley and the full-beam helm station. Externally, this deck is also able to offer ample areas for relaxation, such as the generous cockpit, and a very comfortable private sunbathing area at the bow. On the Fly, in addition to a second helm station, there is a very large space, which can be customized according to needs. Currently there is a large table for lunches and dinners, covered by the shade of a generous bimini. Also interesting is the performance, which sees the maximum speed figure at values of about 30 knots. Registered in Malta with a Rental License. Possibility of sale with mooring and attached car.

Navigation equipment:

Buider angle indicator, Radar, Antenna, 3 Display, DSC, vhf, GPS (Bavmarine)
