Description

The Excess 11 is the only mass-produced catamaran of this length on the market. This cruising catamaran is impressive both in terms of comfort and space, as well as in terms of sailing sensations. The Excess 11 is a boat suitable for large crossings and offers a comfortable life on board. The work of the design office focused on one goal: to provide a real cruising catamaran capable of taking you to the most hidden place on earth to enjoy a small isolated bay, an abandoned beach or a secret wave. The Excess 11 has taken advantage of the experience of larger catamarans, without sacrificing the comfort features necessary for pleasant cruising. It should be added that it offers a volume worthy of a larger boat, both in the saloon and in the cabins, for example it is equipped with a 2x2 meter bed in the master cabin and bathrooms with separate shower cubicle! Outside, it offers comfort and space for conviviality in the large unobstructed cockpit and a double wheelhouse that allows pleasant sensations at the helm as well as direct contact with the rest of the crew.
