Iconic Design:

The Swan Shadow is the result of a careful collaboration between Nautor's Swan and designer Jarkko Jämsén, with an inspiration taken from the prestigious sailing yachts of the Swan family. The attention to design is evident in every detail, from a multi-purpose rear platform to a convertible roof, offering an unparalleled boating experience.

Superior Performance:

With Mercury Verado V8 and V10 engines, the Swan Shadow offers extraordinary performance, reaching top speeds of up to 50 knots. The twinned deep-V hull ensures uncompromising stability and manoeuvrability, offering an unrivalled riding experience.
