nautor swan Clubswan 36-010 lucky

490 000 € + VAT

Description

The new ClubSwan 36 is an innovative high-performance yacht that has been developed using all the experience of Nautor's ClubSwan Division and Juan Kouyoumdjian's detailed hydrodynamic and CFD studies in a timeless authentic design. Working with the most qualified experts available and with deep dedication to find the limit between an incredibly fast hull, thanks to the latest technologies available, and impeccable maneuverability in all conditions.

The ClubSwan 36 is similar to a modern supercar, which allows you to reach exceptional limits in total control: the extraordinary feeling of sailing at over 20 knots in total safety must be tried to be believed. The ClubSwan 36 allows an amateur sailor to achieve extreme performance while racing in a rigorous One Design in a tight competition.
