Description

Flush deck version of the Swan 62. Since delivery in 2004, she has been used for private family cruising and based in the South of France with the occasional winter in the Caribbean. Highly optimised for short-handed cruising, she features an in-boom furling mainsail and all halyards are led under deck to the aft cockpit. The retractable bow-thruster facilitates manoeuvres in the harbor and the Westerbeke generator and air-conditioning system make her a comfortable and versatile family cruiser.
