

SALE NEW

nautor swan Swan 65

Description

This new design was created practically simultaneously with the Swan 78 as a complement to the larger sister of the new bluewater line of yachts. The Swan 65 is designed with markedly elegant and discreet lines, with faceted edges that create even lighter volumes. The steering system includes twin rudders for positive easy control in all circumstances, and there are a number of draft options for fixed and lifting keels offered to optimize sailing according to the owner's needs.
