Description

Introduction to ERATOSTHENES

ERATOSTHENES is an impressive Swan 112 sailing yacht, designed and built by the renowned Nautor Swan shipyard in Finland. Launched in 2002 and completely refitted in 2021, this exemplary yacht combines modern design with exceptional interior spaciousness and comfort. Her superior sailing performance is enhanced by her long hull and waterline length. The yacht's elegance is highlighted by well-balanced proportions, a striking blue hull, white superstructure, teak decks, and mahogany interiors.

Onboard Comfort and Entertainment

ERATOSTHENES offers a wide range of amenities to ensure a relaxing and luxurious cruising experience. The custom-designed upper salon provides breathtaking panoramic views, while the main dining area comfortably seats six guests. The spacious cockpit allows for additional seating, al fresco dining, and on-deck entertainment.

Luxurious Accommodations

The mahogany interior of ERATOSTHENES is designed to accommodate up to 8 guests in three spacious double cabins. The master cabin aft features a queen-size bed, a lounge area with a writing desk, and multimedia amenities including satellite TV, DVD, and video. The two remaining cabins have twin beds and each features a Pullman bunk, all with private ensuite facilities, CD players, and radios.
