Description

Swan 53-008 'TRIANA': A Classic with Modern Updates

Designed by renowned naval architect Germán Frers, the Swan 53-008 'TRIANA' stands out for its exceptional performance, responsiveness, manoeuvrability and comfort. This sailboat combines elegance and efficiency, making it an ideal choice for both competitive sailing and leisure cruising.

'TRIANA' has been completely overhauled and equipped for the 2023/2024 round-the-world race (Ocean Globe Race, ex-Withbread). She won in her class and finished third overall in IRC, demonstrating her superior skills.

Highlights:

New SPARCRAFT Mast and Boom: Ensures stability and optimal sail performance.

New Bow, Stern and Line Stays: Improve durability and reliability.

New Standing Rigging Rod: Provides sturdy support for the mast.

Updated Deck and Running Rigging Equipment: Redone and checked for maximum efficiency.

Set of 10 Dacron Sails: In excellent condition, ready for various sailing conditions.

Complete Overhaul of the Engine and Electrical System: Complete refit of the engine, generator and electrical systems.
