Description

"Saida" is hull number five of the iconic Swan 65's designed by Sparkman & Stephens as the flagship boat for Nautor Swan in 1973. Only 41 boats were made in the series and due to the excellent construction and craftsmanship, most are still sailing today. The current owner made a complete refit in 2023 with Nautor Swan Global Service to ensure that all works were completed to the highest standards and with accurate detail to retain her original features.

With a consistent and impressive racing history with many podium finishes, she has also just completed the 2024 Caribbean season where she placed 2nd in her class during the Antigua Sailing Week. "Saida" is in turn-key condition and ready to sail the summer Mediterranean season.
