nautor swan Swan 98-003 alix

12 600 000 € + VAT

Description

Swan 98-003 'Alix' is built to deliver reliable performance and safe passage. Constructed with SPRINT pre-preg carbon fiber, the yacht offers a strong and lightweight build, designed for handling various sea conditions with ease.

With a telescopic keel adjustable between 3.20 and 4.90 meters, 'Alix' can access a wide range of harbors. The extra hull windows and hatches bring natural light into the interior, which features European oak and custom finishes for a refined, comfortable setting. The layout includes three ensuite guest cabins and a spacious master suite aft, ensuring a pleasant stay for all onboard.

Equipped with advanced navigation systems and an upgraded rig, 'Alix' is ready for long-range cruising. Powered by a 305 hp Cummins engine and two Northern Light generators, the yacht ensures efficiency and reliability. Professionally maintained since 2021, 'Alix' is in excellent condition and ready for her next owner.

This yacht combines top-level craftsmanship with the capability for long journeys, making it an ideal choice for discerning sailors.
