

SALE NEW

astondoa 677 coupé

## Description

The design of the Astondoa 677 Coupé takes inspiration from the gritty silhouettes of the automotive world, it is no coincidence that the aft platform recalls the typical lines of the back of a supercar, where voids and curves alternate.

The boat guarantees great habitability, given by the presence of an important cockpit with a large beach area and a living area in the bow with a table that can be transformed into a second comfortable sundeck.

The ample space for customization, a typical feature of the Astondoa house, is visible in the multiple layouts that can be created for the living room, which consists of comfortable sofas and a table that form a spacious convivial area, a fully equipped kitchen with the latest generation appliances.

Below deck, luxury and elegance make the cabins of unparalleled exclusivity for yachts of this size. The sleeping area includes a large master cabin furnished with refinement and care, equipped with a private bathroom, a second double cabin with bathroom, a twin cabin and a last cabin that can be configured into a functional galley.

With eye-catching styling and outstanding performance, the Astondoa 677 Coupé is the ultimate combination of elegance, performance and first-class comfort.
