

SALE NEW

evo yachts V8

Description

EVO V8 combines the transformation possibilities of motor yachts with the smooth and relaxing sailing of sailing boats.

The first unit features a large saloon with a dining area, three cabins plus one for the crew, four helm stations and separate paths to the Main Deck.

The V8 concept is realized in the presence of four control stations:

- helm station forward of the saloon with two displays;
- retractable helm station on the Roof Top;
- two carbon wheel rudders on either side of the Main Deck;

The internal windows are covered with a special blackout film with LCD crystals, which transforms them into a large screen at the service of the home cinema system with projector.

The large beach area with side bulwarks that can be opened connects to a lowered lounge that has a dual function: it can become an outdoor patio or a private lounge that expands the owner's cabin. The lounge is equipped with sofas, a foldaway kitchen and a toilet.

At the bow, the C-shaped sofa with retractable table transforms into a sundeck with a sail awning and hides a plunge pool for quick refreshment.

The Roof Top is accessible via a retractable hydraulic ladder and is equipped with four sun loungers, shower and fridge.

All technical elements include the 40 hp outboard and the 40 hp outboard.
