greenline yachts Greenline 40

431 700 € + VAT

Description

Greenline 40 is a versatile boat that brings "green" sailing within everyone's reach, without neglecting elegance, given by the soft and sinuous lines of its design. Coming on board is a cockpit that creates a single environment with the interior of the boat, consisting of a galley equipped with an induction stove and refrigerator and a living area with an L-shaped sofa and a table.

The layout of the below deck is designed to maximise space and comfort, with a spacious master cabin accommodating a central bed in the bow, a generously sized second double cabin and a bathroom complete with shower.

Greenline 40 has been designed for boating enthusiasts who want an eco-friendly boat without compromising on elegance and performance.
