astondoa Ax8

Description

Astondoa Ax8 is a symbol of power and elegance, given by the sporty and sinuous lines that create a slender design.

Habitability is the prerogative of this boat, which houses large, well-organized spaces, vast lounge areas and bright windows.

The large aft swimming platform, bordered by elevated bulwarks, houses a submersible platform, which gives this area an additional beach area functionality. A step higher is the furnished cockpit, protected by the overhang of the flybridge above. Inside, every aspect is taken care of with scrupulous attention to detail, from the round tables that create a convivial atmosphere, to the living area equipped with comfortable sofas to the kitchen equipped with the latest generation appliances. On the flybridge, a second furnished lounge area comes to life, equipped as a sunbathing area and usable as a large elevated terrace overlooking the sea.

Below deck, the cabins are finely furnished and the choice of materials gives elegance and refinement to the environment. The sleeping area consists of a spacious master cabin with private bathroom, to which are added three more cabins, two doubles and one twin, three bathrooms and finally two cabins for the crew with their respective bathrooms.

Combining extraordinary design, unparalleled comfort and extensive customization possibilities, the Astondoa AX8 is the perfect boat for those looking for an unparalleled luxury sailing experience.
