ranieri international Next 220 sh

44 900 € + VAT

Description

Thanks to Next 220 SH, Ranieri International has succeeded in the task of creating truly unthinkable spaces on a boat of just under 6 and a half meters (7.35 meters overall) and trailerable.

A twin-motorized sundeck, the only one in its category to have three comfortable berths, whose interior layout has been totally redesigned compared to the previous versions, ensuring excellent habitability and optimizing outdoor spaces.

It is possible to relax on a retractable sundeck using the folding seats and rotating the steering seats 360°. The elongated bow houses a comfortable sundeck for three people while the dolphin boat gives solemnity to the whole boat. The deck offers a comfortable cabin with a dinette that converts into a double bed and a space where it is also possible to insert a drawer fridge. The starboard locker hides the electric toilet.

The second-generation hull HIS (Hull Innovative System - Generation II) guarantees better performance, as well as a softer ride due to the insertion of shock absorbers in the assembly between hull and deck (A.S.S.: Active-Suspension-System).

BASIC EQUIPMENT:

2 Console porthole - Luxury cab equipment - Gas extractor - Stainless steel anchor cubia - Cabin cushions - Bow sunbathing cushion - Bow dolphin - Fuel gauge - Navigation lights - Cabin furniture in dark grey oak - Vrt stern platforms with telescopic ladder - Bilge pump with automatic/manual control - Storage
