

SALE NEW

evo yachts R+

## Description

R+ is the brand new Evo yacht with an attractive profile, which is characterized by the closed deck and the considerable height of the interiors.

Among the peculiarities of this boat, the multifunctional aft platform stands out, which allows the easy descent into the sea and the launching and hauling of a tender or a jet ski.

The style of the interiors is essential, a typical feature of many boats in this range, with clean, simple and square lines. The rooms are furnished with sophisticated materials, which highlight the shipyard's desire to take a new step forward in the search for the perfect balance between dynamic appearance and comfort on board. Warm fabrics, such as alcantara, have been chosen, and the palette is based on a harmony of three colors and materials: white, teak and carbon.

Forget carbon, then, was chosen to further emphasize the sporty imprint of these environments.

Below deck, the unit at the fair is characterized by three cabins: the owner's cabin in the bow and the two guest cabins in the stern, two bathrooms and a dinette area. In the bow there is a crew cabin with independent access.

### STANDARD EQUIPMENT

On-board systems:
