# greenline yachts 45 fly

## Description

Elegance and functionality come together in a unique sailing experience on board the Greenline 45 Fly.

The Flybridge, the beating heart of life on board, houses a barbecue that transforms the pleasure of cooking into an outdoor experience and, thanks to the coverage of the gangways, offers unparalleled space in its category.

In addition, the optional hardtop on the flybridge allows you to make the most of solar energy, ensuring sustainable sailing.

The extra-large navigation dashboard with SIMRAD electronics ensures an intuitive navigation experience for true enthusiasts.

Greenline 45 stands out for its reclining counter, a fusion between the cockpit and the galley, which creates a large area for sharing and relaxing.

The owner's cabin, as wide as the entire width of the yacht, is a testament to the generous spaces of this vessel. The presence of a walk-in closet for both walk-in closets and the full-size refrigerator emphasize the attention to detail.

OPTIONAL H-DRIVE: 2 x Yanmar 250hp + 2 x Electric Motors (3 x 11kWh Lithium Polymer Batteries)

### STANDARD EQUIPMENT:

Hull colour Pure White (RAL 9010) + cabin colour Pure White (RAL 9010) - Rugana CREAM fabric upholstery - Rugana GREY fabric upholstery - Golden teak furniture including white leather details and sand carpeting, dark laminate flooring -
