A must see

As soon as you cross the door of the boat on the starboard side there is a large console with a television at a standstill, ice maker and bar. The entire on-board entertainment system is independent and wifi-bluetooth controllable. On the left is the large sofa with a wooden and white marble table. The light grey carpet highlights the essences of the cherry-coloured furniture.

Towards the bow on the left is the helm station with the door for the side exit and at the top the large sunroof. On the starboard side is the staircase leading to the galley and sleeping area.

As soon as you get off the stairs, on the starboard side is the generous kitchen
