Description

LIKE NEW!! FULL REFIT 2023, PERFECT YACHT IN EVERYTHING

The CRN motor yacht was built in 1981 and fully refitted in 2023. Something Cool can accommodate up to 12 people in 5 cabins, including 3 doubles and 2 triples. The refit brought the yacht to a LIKE-NEW state. The classically styled yacht encompasses refined contemporary interiors and the best technology currently on the market.

REFIT The vessel remained in dry dock for 1.5 years for a complete refit and an extension of the upper deck. The refit involved both the exterior and interior of the yacht. From a mechanical point of view, the boat is in optimal condition, since in this year and a half every mechanism has been overhauled or replaced.

The yacht after the deep refit is like new and ready at the buoy.

A fully equipped gym has been set up

Entering the main hall you are immediately struck by the sophistication of the furnishings, the white fabrics with blue stripes by Ralph Laurent and the blue white mosaic carpet contrast elegantly with the briar wood furniture and walls. On the port side there is a large sofa with a coffee table, while on the starboard side there is a staircase leading to the crew area and the engine room. Further on there is another sitting area with a corner sofa on the port side and a linear one on the starboard side. This sitting room leads to the dining room with a large oval table in briar wood with light and dark inserts that can accommodate 10 people. Going towards the bow on the left is the corridor that leads to the stairs
