General description

Perini Navi, the renowned Italian yacht builder, is a world leader in the design and construction of superyachts. With an impressive 61 yachts launched to date, including 58 sailboats and three motor yachts, Perini Navi is credited with a combination of technical brilliance and first-class design that sets them apart from the rest. One of their outstanding yachts is the 1991 S/Y Tamarita, built of steel and aluminum and designed in-house. Holding an INSB commercial classification, it was delivered in December 1991 and has undergone regular maintenance and various refits, including a complete repainting in 2017.

Tamarita is a stunning sailing yacht with impressive dimensions. With an overall length of 46.5 meters and a beam of 9.2 meters, this superyacht boasts a spacious interior that can accommodate up to 19 guests in luxurious comfort. Built in 1991 by the renowned Italian shipyard Perini Navi, Tamarita was designed with style and practicality in mind. Featuring a steel hull and aluminum superstructure, this majestic yacht is not only robust and reliable, but also stylish. The exterior design, also by Perini Navi, is a true masterpiece, with clean lines and a modern silhouette that turns heads wherever it goes.

Inside, Tamarita's interior is equally impressive, with stunning design and luxurious furnishings throughout. The interior design, also by Perini Navi, testifies to the shipyard's commitment to excellence and attention to detail. Whether you're relaxing in the spacious lounge, dining in the elegant dining room, or
