Description

From the pencil of Giovanni Ceccarelli (leader in the field of yacht design in Italy and in the world, thanks also to his ability to combine tradition and innovation and his vast experience he has created boats among the most performing and appreciated all over the world) and from the axe of Paolo De Cesari (established in the world for the construction of exclusive and unique yachts thanks to his ability to combine tradition and innovation, the unique in Italy and one of the few in Europe capable of building prototypes of large yachts), this fantastic project was born, destined to become an icon of world boating: the DE CESARI 62.

The De Cesari 62 is a 19-metre overall motoryacht that stands out for its classic lines and timeless elegance. Currently in an advanced stage of construction at the De Cesari Shipyard in Cervia, under the guidance of Paolo De Cesari, this yacht represents a perfect combination of tradition and innovation.

Notable features:

Semi-planing hull with classic and slender lines, Inverted stern and deep V round hull with variable geometry for excellent seakeeping and course stability, Design speed of 23 knots and cruising speed of 18 knots, Inboard engine of 2x730 hp, Shaft line propulsion with 4-blade propeller, Spacious and comfortable interiors on two levels, Owner's cabin in the bow and two guest cabins, all with independent bathrooms, Crew cabin with separate access, Classic interior style with furniture made on site, Large cockpit that can be used for fishing or cruising, Flybridge equipped for comfortable cruising and equipped with tender with hydraulic davit,
