Description

The Bugari Shipyard, founded in 1961 by Artemio Bugari in Fano, Marche, boasts a rich history of excellence in the construction of luxury yachts in aluminum and fiberglass. Since its origins, the shipyard has stood out for its craftsmanship, its attention to detail and its constant pursuit of innovation.

Legacy of Excellence:

Over the decades, Bugari has earned a solid and international reputation for producing yachts that seamlessly combine cutting-edge technology with timeless design. Its boats are renowned for their exceptional seaworthiness, superior comfort and meticulous attention to detail, characteristics that make them coveted by a demanding clientele all over the world.

The construction philosophy of the Bugari Shipyard is based on some key principles:

- **Craftsmanship:** Each Bugari yacht is handcrafted by expert craftsmen, using traditional techniques combined with state-of-the-art technology.
- **Quality:** The materials used are of the highest quality, ensuring durability, reliability, and excellent performance.
- **Innovation:** The shipyard constantly invests in research and development to implement the latest technologies and innovative solutions in its yachts.
- **Customization:** Each Bugari yacht can be customized according to the specific needs and desires of the customer, creating a one-of-a-kind masterpiece.
