Description

A perfect blend of tradition and innovation, this magnificent 29-meter (95-foot) Sloop is an unmissable opportunity for sea lovers seeking style, performance, and comfort.

Built in 1988 by the renowned Brooke Marine shipyard and fully refitted in 2018, the yacht boasts a refined and timeless design, the result of a collaboration between legendary naval architect Ron Holland and the skilled craftsmen of Brooke Marine.

The 2018 refit affected every aspect of the yacht, from the interiors to the electrical and plumbing systems, to the safety and navigation equipment. The result is a modern and functional boat, which retains the classic charm of its original design.

Last winter, further maintenance work was completed to ensure maximum efficiency and safety of the yacht, including: Complete overhaul of the main engine; Annual maintenance of the generator; Service of all refrigerators: Inspection and maintenance of all on-board refrigerators including the evaporator; Inspection and maintenance of the windlass windlass; New tender; Cleaning and repainting of bilges; Overhaul of refrigerator pumps; General electrical maintenance; Maintenance of the wood of the bar area; Polishing and rearrangement of the deck area, Painting of the kitchen floor and hallway; Painting of the open table of the outdoor deck and the indoor dining table; Complete painting of the external deck; Maintenance and painting of ballast boxes; Maintenance and repainting of black and grey water tanks and check
