pershing Gtx70

Description

PERSHING GTX70, Prepare to be amazed by excellence. The Pershing GTX70 is a compact SUY, luxury sports utility yacht, with limitless potential and uncompromising ambition. It combines agility and dynamism within an innovative design that maximizes space and redefines the onboard experience, perfectly embodying the GTX Series spirit. Maximum comfort meets maximum efficiency. On board the Pershing GTX70, the integration of exterior and interior spaces is seamless and harmonious, thanks to smart solutions such as the combination of the door with the retractable glass partition that separates the cockpit from the salon, as well as the opening wings that create the largest beach area in its class. Compact, sporty, and bold, the Pershing GTX70 is equipped with a triple IPS engine setup and an advanced control system, ensuring precise handling and responsive maneuvering. Designed to offer refined yet dynamic comfort, the driving experience beautifully combines efficiency and agility. Elegance and attention to detail blend with the dynamic and sporty essence of Pershing, achieving the perfect balance between style, comfort, and livability. In the salon, two parallel sofas provide an ideal space for socializing or relaxing. At the rear, an innovative solution features an integrated sofa that can be transformed into a luxurious sunbed.
