

SALE PRE OWNED

saver 870 wa

Description

The 870WA is a 'boat' that is inspired almost entirely by the 750 WA model. The dinette, in addition to the 'U' shaped sofa, also includes a kitchenette just behind the seat block, with a sink as standard and the possibility of adopting a gas fire, as well as a built-in refrigerator. The console is wide to install all the necessary on-board instrumentation and shares the surface with a sliding acrylate door that offers access to the sleeping area. The large wraparound windscreen protects the rider from the wind. If during the day the 870 WA is a fun companion to live with family or friends, at night it turns into a camper in which 3/4 people can take a seat in separate areas. A double bed arranged in the bow responds to a second single at the stern, under the driving position complete with sliding curtain. The 870 WA has a separate toilet room with electric toilet and sink with tap/shower. At the stern there are two platforms, one on each side, one of which has a ladder. Finally, the motorization, exclusively outboard, can be adopted in mono or bi-engine solution. The maximum power that can be installed is 400 horsepower with which you can touch peaks of over 49 knots, but already with a single 300 horsepower engine you can get performance of over 35 knots.
