Description

ClubSwan 50-026 'Django' – Race-Ready, Expertly Maintained, and Fully Equipped

The ClubSwan 50-026 'Django' is the embodiment of racing excellence. Delivered in 2019, she has been meticulously maintained by a dedicated professional team and is ready to compete at the highest level. Designed by Juan Kouyoumdjian and built to meet the rigorous CS50 ISAF Class Rules, 'Django' balances cutting-edge performance with refined cruising capabilities, making her a versatile choice for serious racers and performance-oriented cruisers alike.

The yacht's hull is crafted in pre-preg carbon fibre, ensuring strength and lightness, optimized for speed and agility on the water. Equipped with Southern Spars rigging and an advanced B&G navigation system, 'Django' is fully rigged for high-performance sailing. The comprehensive sail inventory, including North Sails Gennakers and Spinnakers, ensures that she is ready for any racing condition.

'Django's' interior showcases Poltrona Frau design, blending luxury and functionality. The two-cabin layout provides spacious, comfortable accommodations, with racing adaptations that allow for quick conversion to maximize space for sails and crew. Her lightweight yet elegant finish reflects the high standards that have made Swan yachts synonymous with world-class quality.
