Description

The VR5 builds on Bayliners proven V-bottom bowrider heritage, while adding form AND function. Forward, the boat employs Bayliners category-leading BeamForward design, which carries the full 8 feet of beam further forward in the boat than has been traditionally done. Key Features BeamForward design with high gunnels creates more passenger space, under-seat storage and safety. Exceptionally roomy cockpit thanks to our exclusive Aft Advantage design. Standard integrated swim platform and optional platform extension are positioned further aft than comparable models adding interior space while providing the ideal staging area for water sports. Available Water Sports Options let you customize the VR5 to suit your family's needs.
