iron boats 707

115 795 USD + VAT

Description

With the unique fender profile and faceted surfaces, inspired by modern naval ships and aircrafts, IRON was given its own character. Even when docked, IRON powerboats remains their presence. Mannerfelt Design Team is one of the most respected design studios in the global marine industry, with more than one hundred realized boat projects, a dozen design awards and 25 world championships in racing. The fender profile with air channels dampen movements, resonance sound and lowers the center of gravity. This contributes to a smooth and silent running hull with great seaworthiness. Last but not least, it makes mooring less stressful. The center console provides good mobility and a large storage compartment, apart from those at bow and stern. Together with the accessible swim platforms and a waterski pole IRON boating is easy and enjoyable. Standard Equipment Transom hatches Water skipole Electric bilge pump Swim ladder Fire extinguisher Large storage compartments Integrated IRON Fender LED Navigation Lights Electronic Options Simrad GPS, 9 inch Simrad GPS, 12 inch Simrad Chart Simrad Transducer Stereo, 2 speakers 2 extra speakers Deck Options Sea Deck Teak rubber floor Console Cover Sprayhood Table in the aft Sunbed Cushion Additional Options Refrigerator Mooring kit, 6x docklines Anchor 5kg, 35m
