Timeless, the latest Antares 7 has its root in the three values of safety, simplicity and habitability that have been present since the beginning of this range. A reliable boat designed to enjoy short coastal cruises, the Antares 7 can be towed anywhere. The Antares 7s innovative flared-hull boasts safety and outstanding seakeeping, offering wonderful driving sensations. This outboard motorboat has a very elegant silhouette, thanks to her caps powerful V profile. Simple and safe, an aft platform with a removable ladder provides access to the sea. This is closed off by a small gate when the boat is underway. The wheelhouse is surrounded by windows and has a 360 view of the sea. A sliding glass hatch on the roof bathes the interior in natural light, which considerably increases the feeling of space. The walnut woodwork and upholstery colour contribute to making the Antares 7 contemporary yet timelessly stylish.
