Description

Boat, 2 Volvo Penta EFB T.Diesel engines with generous outdoor spaces, ideal both for a day at sea with friends and for an extended stay thanks to the cabin with dinette that can be converted into a bed, the separate bathroom with shower and the kitchen with gas stove and refrigerator. The very large sundeck in the bow, with table and retractable awning, is certainly the most convivial area of the boat. The steering console is also large and generous: 3 people are accommodated in the helm chair and the windshield, high and enveloping, together with the roll-bar and the awning guarantee protection during navigation. Guests on board are protected by a high and secure perimeter pulpit-handrail that opens towards the stern for access to the swim platform and towards the bow for access to the winch. Also ideal for charter use.
