Description

With its retro styling and curved aft soft top, the 28 Corsair conveys the classic Chris Craft look of yesteryear. First and foremost, the Corsair is a high-quality runabout with a level of finish rarely seen in production boats. Built on a deep-V hull with a well-flared bow, the equipment on board the 28 Corsair is manifold. The piloting zone is also notable for its simplicity and comfort. The dashboard is a nostalgic throwback to the 50s, an electric motor hatch provides easy access to the engine compartment. The Corsair's curved foredeck hides a useful cabin with a V-shaped berth. The gelcoat is flawless and the stainless steel windshield is a work of art.
