

SALE NEW

galeon 435 gto

Description

Galeon Yachts has introduced the grand touring line of feature-rich day boats that blends the luxurious fit and finish of its cruiser yachts with streamlined design and truly incredible performance statistics. The 435 GTO is the next in line of powerful outboard models with its sleek contours and versatile distribution of space on board, destined to stand out in any marina.

The silhouette is a clear evolution of the acclaimed 375 GTO with even more aggressive lines and eye-catching details mounted on the two-tone exterior. The striking side profile features full-length hull windows and partially glazed balconies, while the wheelhouse is surrounded by glass for an unobstructed 360° view.

With the additional space on board, the two main outdoor areas are able to entertain guests while cruising or at anchor. The cockpit houses the aft bench that can slide forward and look in opposite directions, while a rectangular table can be set up in the aft cockpit area for alfresco dining. Extend the retractable sun visor for extra protection from the elements and give your guests some well-deserved relief in harsh weather conditions. Passionate anglers will appreciate the six rod holders mounted on top of the roof.

The Starfortune group is the exclusive distributor for Italy of Galeon models; We have a shipyard where we can maintain and store our customers' boats.

On the purchase of new boats, we can also collect or put up for sale your used boats.
