baglietto Dom 133

Description

Grab the opportunity today to order the next and amazing DOM 133, hull #6

And customize her to your own liking !

This masterpiece is built entirely in aluminium, so as not to compromise performance and flexibility in the design of the interior.

You will love the massive volumes compared to other sizes in this range, the lines are modern with an incredible layout with indeed a breathtaking beach club on two levels and an infinity pool.

Inside there is plenty of light thanks to the panoramic windows and you will be amazed by the terraces.

Due to the limited draft, you can sail anywhere, such as the Bahamas, for example.

Designed by the famous designer "Stefano Vafiadis" and built at the Italian shipyard in La Spezia where you can meet some of the best craftsmen in the world, ensuring you have the best quality on the market.

Definitely your next home at sea, funny because "DOM" comes from "Domus" in Latin meaning "Home"

We remain at your disposal for any further questions
