## Description

The unmistakable style of Aprea boats is the result of a unique combination in the nautical world: the craftsmanship that has been handed down for five generations between members of the Aprea family and the modernity deriving from the development of technologically advanced solutions and sophisticated design. The comfort of the gozzo combined with speed is the basis of the success of the large Aprea family. Reliable, comfortable, safe but above all agile and fast, Apreamare boats faithfully interpret an Italian style and a unique charm. Mariposa is in good condition, always dry cleaned during the winter seasons. Ideal for day trips, it is equipped with sundecks, sofas and many shaded and ventilated spaces to enjoy long days and small cruises. Internally there is a dinette with a galley area, equipped with a hob with gas stove, steel sink and refrigerator, a V-shaped cabin in the bow and a small separate bathroom with toilet. The deck is entirely made of teak. Price plus commissions.
