Description

Millikan M.10 – New Electro-Solar Catamaran – Made in France

Starting price: €250,000 ex VAT

The Millikan M.10 is a 100% electric catamaran powered by solar energy, designed and built in France by Millikan Boats.

This next-generation model combines contemporary design, energy autonomy, absolute silence and near-zero operating costs. It delivers emission-free navigation, ideal for coastal cruising, daily use, nautical events or professional operations.

Sea trials available during the Cannes Yachting Festival 2025
