

SALE PRE OWNED

abacus marine Abacus 62

Description

Yacht in excellent condition designer Fulvio De Simoni.

The very streamlined hull and superstructure lines, with an extremely aerodynamic flybridge, give this boat a very modern and decidedly aggressive look. The clever play of volumes, the large and slender windows and the suggestive solution of the elongated upper roll-bar create the visual effect of a sleek open, which clearly detaches from the imposing and somewhat massive hourglass flybridge.

De Simoni's "touch" has created a boat where design, functionality, comfort and performance come together in a unique and refined whole.

The Abacus 62' has large spaces that allow you to live on board for long periods in maximum comfort. Guests are "pampered" by a thousand attentions: all the rooms have air conditioning with independent regulation; many movements are electric, from the curtains to the entrance door, to the bathroom ladder; Stereo systems, LCD TVs, refrigerators and all kinds of appliances do not make you regret the comfort of a villa by the sea. And the Abacus 62' is just that: a splendid villa on the sea that moves at 30 knots to give its occupants a new panorama at any time.

Navigation equipment:

Rudder angle indicator, Electronic engine control, Chain counter, 3 GPS, 2 VHF Radio.

Staging and technical:
