Description

Pilot yacht DIX 38

Designer Dudley Dix

A 'pilot yacht' means a boat with double wheelhouse, the classic exterior in the cockpit and a second inside with 180° visibility thanks to the windows.

In case of bad weather, you can steer inside away from the weather.

The boat has an aluminum hull, a mast with mainsail, a jib and a spi, it has a 40 HP engine.

Inside there are three cabins, a double in the bow, a second double under the dinette and a third aft with two separate berths, also you can easily obtain two additional beds in the dinette, there is a toilet room with toilet, sink and shower, a dinette area with table and sofas, a steering area with rudder and desk, a kitchen area with sinks, hob, gas oven and refrigerator.

The cockpit instrumentation consists of an autopilot, a depth gauge, a wind direction gauge and a compass.

Inside we find a radar screen and a VHF radio.

The furniture is in fine wood.

The boat is equipped with a tender, a regulatory emergency dinghy, and complete equipment for sailing manoeuvres, an anchoring system with a special electric windlass.

It was launched in 2010, manufactured by the Alto Adriatico shipyard in
