spx 32 dinette

PRICE UPON REQUEST

Description

The new SPX Rib 32 Dinette is a high-end luxury inflatable boat, designed to combine space, comfort and performance. This model, about 9.85 meters long and 3.4 meters wide, is distinguished by a "DINETTE" configuration in the aft area, equipped with a "U" shaped sofa with a central aisle. This layout provides ample space for socializing and convenient access to the engine cockpit.

The design features an electro-hydraulic central table, which can be lowered to create a sunbathing area. The floor surface is covered in synthetic teak, ensuring greater elegance and durability. On a technical level, it is equipped with an advanced home automation system and an LED lighting system, making the experience on board even more sophisticated. It also features an NSX Ultrawide display from Simrad for navigation, offering advanced viewing.
