

SALE PRE OWNED

apreamare Maestro 51

530 000 € All Tax Included

Description

Splendid Maestro 51 of the Sorrento shipyards Apreamare.

Excellent condition, ready at the buoy.

A project that has enjoyed considerable success over the years, the result of a triumphant collaboration between the engineering of Umberto Tagliavini's Marine Design & Service studio, which oversaw the hull and the project, and the architects of Studio Zuccon International Project, who took care of the design of the interiors and superstructures.

The deckhouse is equipped with large windows that open vertically and the main deck houses a comfortable sundeck in the bow, while the flybridge houses a second sundeck and a dinette corner, with sofa and table.

Access from the stern to the internal area is via a sliding glass door. The living area consists of an L-shaped sofa on the starboard side with a table and another sofa along the port side.

The wheelhouse is arranged in a semicircle, has a large seat that is located forward and has a perfectly vertical windshield that guarantees full visibility while sailing.

Going below deck, on the left, you immediately come across the L-shaped galley, with refrigerator, induction hob, combi oven and double basin sink. The sleeping area is equipped with three cabins: one for the owner's cabin in the bow and two for guests, with single beds, amidships. There are two bathrooms. Below the aft platform is another single cabin, intended for the crew.
