Description

Built by Heesen in 1989, HEARTBEAT OF LIFE underwent an extensive refit by Moonen Yachts in 2004 and then again in 2008 and 2014. Her length was extended from 27.30m to 28.20m with a new hull and superstructure paint. All the yacht's prime machinery was replaced, including main engines, gearboxes, and generators. An entirely new heating and air-conditioning system were also installed. Keeping with the Dutch pedigree theme, her Interior was updated by Art-Line Interiors, providing a warm and fun ambience of luxurious rosewood frames and bright orange, red and blue colourings.

The yacht can accommodate 7 guests in 4 staterooms, comprising a master stateroom, VIP cabin, twin cabin with Pullman and on deck single cabin.
