sacs Strider 15

790 000 € All Tax Included

Description

BLACKBIRD is one of a kind Strider 15 build for a (true) experienced Yachtsman.

Sole Owner, equipped with Mercury Racing props taking the max speed up to 51 kts (from the 47.5kts the standard offers). Cruising 38/39 kts out of a clever 6lts/NM fuel consumption.

The feeling we has spending a pleasent afternoon onboard here is: quality! Everything you touch is properly furbished/assembled/painted/conceived. Definitely higher quality than the average grp motoryacht category in the size.

Then performances.

Yes, this thing runs fast, but what's more interesting is.. it runs ..smooth!

- 20/22 kts too slow, no sense for the product
- 27/28 kts its just amazing, but the Owner recommends a more proper..
- 38/39 kts cruise speed. For perfect balance and consumption rates
- 40 to 51 kts just perfect to show your friends how big your.. performance is.

Naturally perfect as a by-Vessel, with the front towing eyes, originally installed.

Manuvering joystick with Skyhook mode, great while waiting in line for refueling in the busy Mediterranean gas stations.

ready to go.
