

SALE PRE OWNED

sanlorenzo SI 104

3 750 000 € All Tax Included

Description

The proposed Sanlorenzo SL104 is a luxury motoryacht built in 2010 and undergoing a complete refit in 2023. With a length of 32 meters and a width of 7.05 meters, the SL104 represents the perfect combination of elegance, performance and advanced technology. It is powered by two powerful MTU 16V 2000 M93 engines of 2,435 hp each, with shaft line transmission, for a maximum speed of 29 knots and a cruising speed of 25 knots. The engines, with 4,647 and 4,649 hours of use respectively, offer impeccable reliability and a range of 1,250 nautical miles.

Designed by Francesco Paszkowski for the exteriors and Rodolfo Dordoni for the interiors, this yacht stands out for its contemporary and timeless design. Technology upgrades in 2023 include a state-of-the-art SIMRAD navigation system, CMC zero-speed stabilizers for maximum comfort, and a comprehensive video management and monitoring system.

Refined details, such as Paola Lenti furniture and the Boffi kitchen with Carrara marble, are combined with state-of-the-art technical equipment, including cameras, underwater lights and a sophisticated CRESTRON audio-video system. The attention to detail and quality craftsmanship make this yacht an ideal choice for discerning owners.

INTERIORS

The interior of the SL104 is an example of elegance and functionality. The main deck houses a large, bright saloon with modern furnishings and fine materials, such as light arav lacquered wood, bronze panelina, and polished stainless steel
