A great little shuttle that represents an intelligent way to navigate and live on board. The hull has been designed to reach the destination quickly and for displacement navigation with very low consumption and very quiet.

The interior layout consists of three cabins for two people and two bathrooms complete with shower cubicles and bidets. The side door that connects the wheelhouse with the gangway is as good as ever

useful. The panoramic windows of the living room offer airiness and views.

The Maine 480 On the outside stands out for the width of the flybridge and the bow furnished with a large sundeck and a sofa overlooking the sea.

LEGEND: All the boats are offered with the EXCLUSIVE label and for sale
