## Description

CRAFT. Very good condition. In the shed in winter. Maintenance. Never rent

A reference point in the large Maxi Rib segment, the MX-11 is characterized by the stylistic elegance of its lines that allows it, in the "Coupe" version, to also house a real cabin, complete with a separate bathroom, maintaining a clean and refined line. The materials used for the construction are precious: Kevlar hybrids, unidirectional carbon and epoxy-vinylester resins for the hull.

The MX-11 manages to perfectly combine elegance and sportiness, class and functionality. This is demonstrated by a wonderful steering console that, almost imperceptibly, manages to accommodate an owner's cabin of unsuspected dimensions.

Obsessive attention to detail, innovation and reliability are the ingredients of a recipe that makes unique and inimitable boats.

Precious essences that give unique sensory experiences. Examples include solid teak for deck walking and, in the "Coupé" versions, maple and wenge essences for interior cabinetmaking. On deck, a large semicircular sofa, equipped with a retractable table, is served by an innovative bar cabinet, hidden under the refined driving bench.

There are two large sunbathing areas, positioned at the bow and at the extreme stern

Navigation equipment:

Chain counter, Display, GPS (touch Garmin), Co-pilot seat
