Description

The Sunseeker 65 Sport Yacht is a boat that represents the perfect combination of elegance and high performance, designed to offer a unique sailing experience. With a length of 20.50 meters and a width of 5.10 meters, this luxury boat stands out for its modern and sculpted exterior design, characterized by athletic lines and high-quality materials, such as darkened glass, teak and carbon fiber. Every detail has been meticulously taken care of to ensure not only aesthetic beauty, but also functionality.

The innovative SkyHelm™, one of the model's highlights, offers a driving experience that combines the best of modern technology with the pure thrill of steering a supercar in the water. The swivel padded seats, adjustable windshield and carbon center console merge to create a versatile and comfortable sports deck. The large garage at the stern, capable of accommodating a JetRIB tender or transforming into a beach club, further increases the yacht's versatility.

Equipped with two Volvo Penta D13-IPS1350 engines of 1000 hp each, the 65 Sport Yacht reaches a top speed of 35 knots and a cruising speed of 28 knots, with a range of 750 miles, ideal for medium-range cruising. Its performance is paired with a luxurious and spacious interior, designed for maximum comfort. With this boat, Sunseeker redefines the concept of sport yachting, combining exciting performance, innovative design and first-class comfort.

INTERIORS

The interior of the Sunseeker 65 Sport Yacht has been designed to meet the highest standards of luxury and comfort. Each space has been carefully
