Description

BOAT – Beautiful cruiser, sporty, ideal for day trips and for cruising with family or friends, it is equipped with 2 Volvo Penta turbo-diesel engines, D3-220 hp, 5 cylinders, with sterndrive transmissions, duo-prop propellers and Joystick.

This Rio Espera 34 is a boat, walk-around with a central console, about 10 meters long overall and 3.40 meters wide: a pure open with brilliant performance and generous spaces also below deck where there is space for 4 comfortable beds and a separate bathroom with shower.

The large outdoor spaces, symmetry and clean lines are therefore combined with brightness and comfort even in the cabin: these are its main characteristics, in addition to the great attention to detail, finishes and quality materials, as per Rio Yachts tradition.

At the stern, the electrically operated cockpit table appears and disappears from the footfall and can quickly be transformed into a large sundeck. Amidships, on the other hand, a fiberglass module, which separates the cockpit from the helm station, houses a large refrigerator, a sink with a gas stove and a worktop. The helm station is protected by a large windscreen, functional and at the same time elegant and sporty. At the bow we find an additional large sundeck. The swim platform at the stern is large and equipped with a c/f shower and the floor is full teak, up to the bow. On-board comfort is also ensured, if necessary, by the sun awnings that guarantee large shaded areas.

We recommend a visit!
