# linssen Grand sturdy 40.0 sedan intero

## Description

### Linssen Grand Sturdy 40.0 Sedan

The Linssen Grand Sturdy 40.0 Sedan is the first Sedan in the Grand Sturdy® series to offer 4 permanent berths on board. Unlike the Grand Sturdy 40.0 AC, the 40.0 Sedan has the permanent berths in the forward cabin. As usual, the Sedan offers a spacious forward cabin with a double bed and various closet spaces with an adjoining separate shower and toilet area. These areas are also accessible to guests from the middle cabin. In the space between the forward cabin and the saloon is the middle cabin with two single beds.

### Spacious saloon and storage areas

In the salon, the spacious layout features an L-shaped seating area with two tables and two separate chairs. Adjacent to the seating area is the driver's bench. The Sedan is also practical with various storage facilities in both the salon and sleeping quarters.

### Open cockpit

On the Grand Sturdy 40.0 Sedan, the connection between saloon and cockpit is on one level, with only a low threshold. In line with the superstructure, the Linssen Longtop runs over the cockpit for protection from all weathers. The open aft cockpit features a teak floor, L-shaped seating area with coffee table, fender storage and access to the swim platform.
